

Search History

[Search Fields](#) [Search Groups](#) [Limits](#) [Search Operators](#) [Saved Searches](#) [Search History](#)

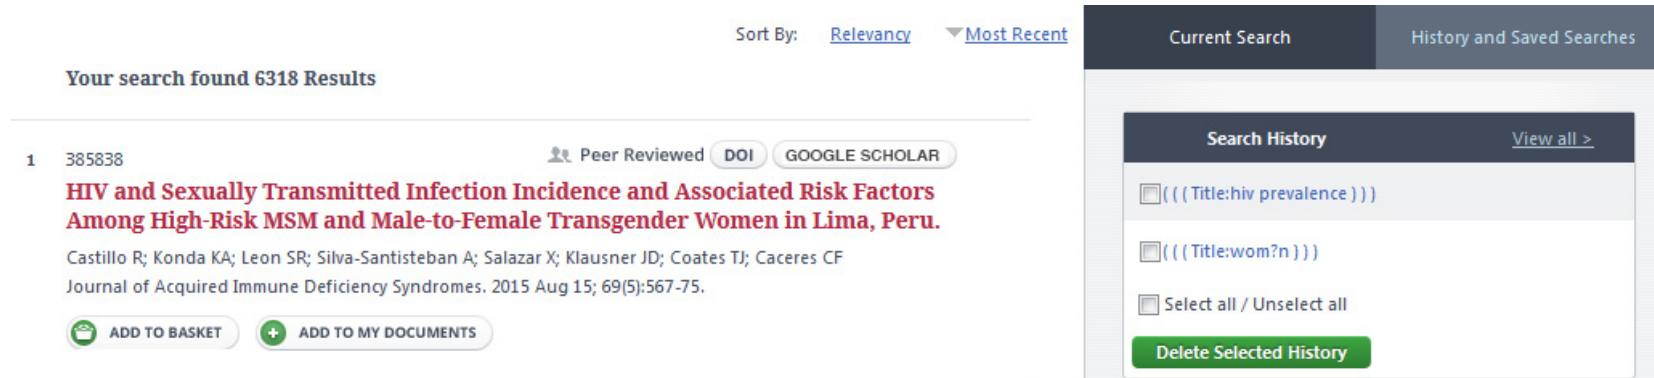

1. Each search performed from the Advanced Search form is captured in **Search History**. Searches performed from the Home page Basic Search or POPLINE Subjects canned searches are not saved in History. Your history can be viewed by clicking on the Search History tab on the right sidebar of the Advanced Search page.

Clicking on the search link in Search History will reload the search into the Advanced Search form.

The screenshot displays the POPLINE Advanced Search interface. On the left, the search form includes a "Save Search Group" button, a "Title" dropdown menu, a search input field containing "wom?n", and an "Add New Field" link. Below this is an "Add Search Group" button. The "Limits" section shows a "Language" dropdown menu set to "Select a Language" and "Years" fields with "From:" and "To:" labels. On the right, the "Search History" sidebar is active, showing a "Search History" tab with a "View all >" link. Below the tab, a search history entry is listed: "(((Title:wom?n)))". There are checkboxes for "Select all / Unselect all" and a "Delete Selected History" button. Other sidebar options include "Saved Searches", "Search Groups", and "Help Tips".

2. Search History is also accessible from the Search Results page. Click on the **History and Saved Searches** tab. Clicking on the search link in Search History will reload the search into the Advanced Search form.

The screenshot shows a search results page with the following elements:

- Sort By: [Relevancy](#) [Most Recent](#)
- Your search found 6318 Results
- Search result 1: 385838, Peer Reviewed, DOI, GOOGLE SCHOLAR
